

DIVING REGULATIONS

Diving Base Kreidesee Holger Schmoltdt Cuxhavener Str. 1 21745 Hemmoor
Tel. 04771 7921 after 9.00 a.m. www.kreidesetaucher.de State: January 2006

1. I have noticed that, in connection with the today given unique permission to dive in the Kreidesee, I have to disengage the Diving Base Kreidesee and the VIST Presidency from any claims that might accrue against these companies because of my presence and diving activities.
2. With my signature I confirm that I have received a seemap and the diving-regulations which are displayed at the reception. Missing log in before diving will result in immediate prohibition of diving and banishment! Identity card or breviary placed into the letter-box will rank as temporary log in.
3. Should I need help because of a diving-accident I will pay all expenses as long as they are not covered by my insurance, even if third persons have initiated the rescue train. In case of a diving accident I have to inform the diving base or the guard.
4. My medical diving certificate is not older than two years, beyond the age of 40 not older than one year! I will not dive after consuming alcohol or any other drugs.
5. I may only use equipment that is apt for cold water according to DIN EN 250. I must use two seperatly closable breathing systems, also as a diving pupil. Alternative pony-bottles must show a volume of 2 liters at least. I must be completely equipped.
6. Depths of diving: for bronze, OWD, AOWD or equivalent maximum 25 metres. For silver, rescue or equivalent maximum 40 metres. For higher briviaries maximum 45 metres. If you have dived more than 100 times since your last examination you may use the next deeper depth. After previous log in, trimix-divers are allowed to dive deeper than 45 metres. Diving at night is allowed till maximum 15 metres.
7. Diving is not allowed between 11.00 p.m. and 6.00 a.m.. Diving in the depth that is allowed for the next higher breviary must be logged in and must be accompanied by divers with at least golden or equivalent breviaries. The maximum depth of deko-stop allowed is 6 metres. I will surface with at least 20% air in reserve.
8. As a diving-teacher/assistant I am allowed to dive with maximum two diving beginners at a time. I am not allowed to dive alone. Beeing a diver with bronze, OWD breviary, my accompanying diver has to have at least the same breviary to dive as an independent team!
9. I am not allowed to operate compressors or power-aggregates on the area.
10. I am not allowed to approach equipments or buildings under water, to procure access or to dive in them. I will pay attention to restrictions at the entry points. Damage on the diving-objects will be denounced as property damage.
11. With my signature I acknowledge the items 1 to 11. I will follow the instructions and controls of the VIST-guards. In case of contravention of the diving-regulations, directions and instructions I have to recon with permanent banishment and prohibition of diving.
